

# BALFOUR'S SHADOW

Hear author, David Cronin, discuss the history of British support for Zionism and Israel

David Cronin offers a trenchant critique of Britain's dealings with Palestine, including its often brutal rule of that land between the world wars and its lasting support for the Zionist project of colonisation – an intriguing alliance, he says, with lethal consequences. His new book, *Balfour's Shadow*, has been praised by Robert Fisk as 'perhaps the most dramatic centenary account'.
