to tell HSBC to cut ties with companies that trade weapons or weapon technology with Israel.

Saturday 23rd March 10am-12noon.

Corner Queen Square & Lichfield Street

Let us know you're coming.

HSBC has announced it will divest from Israeli arms company, ELBIT.

But our campaign continues as HSBC hasn't said it will get rid of its shares in BAE Systems, Boeing, Rolls Royce and Babcock, all involved in arming Israel.

Or that it won't make any more loans to Caterpillar or United Technologies. **More overleaf ...**

#StopArmingIsrael

Through the arms trade, the UK is complicit in Israel's daily violations of Palestinians' human rights. Despite the illegality of Israel's occupation of Palestinian land, the UK remains a major arms exporter to Israel and purchaser of Israeli weapons and weapon technology.

More than 100 companies manufacturing and selling military equipment to Israel have offices and factories in the UK. UK financial institutions and banks benefit from Israel's oppression of Palestinians by investing in these companies and providing them with financial services.

HSBC may have pulled out of Elbit but it still holds shares in BAE Systems, Boeing, Rolls Royce and Babcock, which are all significantly involved in arming Israel. It has provided loans to Caterpillar and United Technologies

We call on HSBC to cut ties with **ALL** companies trading weapons or weapon technology with Israel. Find campaign material and a full report on the UK-Israel arms trade at: palestinecampaign.org/campaigns/stop-arming-Israel
