

Palestinians in the West Bank are tried in military courts with a near 100% conviction rate.

In contrast, **Israeli** settlers living in illegal settlements are subject to civilian law. Only 3% of investigations into ideologically motivated crimes committed by settlers against Palestinians have resulted in a conviction.

A grey wall with a watchtower on the right. A red triangle is crashing through the wall, creating a jagged hole. The word 'BDS' is written on a black and green banner that is also crashing through the wall.

**That's
Apartheid**
