

Hewlett Packard: Harms Palestinians

Hewlett Packard (HP)

Hewlett Packard is heavily involved in Israel's oppression of the Palestinian people.

HP provides the technology for the Israeli army that stops Palestinians moving freely in the West Bank and that helps maintain Israel's illegal occupation of Palestine.

The Israeli navy uses HP technology in the deadly blockade and destruction of Gaza.

Please support the Palestinian call for a boycott of HP

- Sign the pledge to boycott HP
www.palestinecampaign.org
- Ask your family, friends, workplace and university not to buy HP products
- Write to HP to tell them why by e-mail to
corporate.compliance.hpe@hpe.com
